

# Acceptance test cases

User Story Test				
Story Name & No.				
TVM_TC_002. As an anglophone user, I want to have the ability to read all the available options in English, so that I can understand them				
Iteration No.		Tester Name		
1		Surya Prakash Govindaraju		
Acceptance Test				
User should be able to see all fare options expressed in the English language (and by extension, the same options in French).				
Assumptions				
User has provided input on their language of preference being either English or French.s				
Sr. No.	Expected Result	Actual Result	Comments	Done
1	User will be able to see all options expressed in English when they indicate their language of preference being "English"	User was directed to a page with all the fare options listed in English		PASS
Any other comments / Questions				
It is worth noting that the complementary behavior was also tested and validated. Meaning, when the user indicated their language of preference as "Francais", they were redirected to a page with all the same fare options listed in French.
